ENGINEERING DEPARTMENT.

OFFICE OF THE CHIEF ENGINEER.

Notice dated 6th April 1918.

The Chief Engineer of Mysore, while in Bangalore and not specially engaged, will be glad to hear petitioners on every Thursday, if it is not a Gazetted holiday, between 12 noon and 3 P.M.

2. Government officers and other gentlemen having business may call at the Chief Engineer's Office between 3 and 5 P.M., the same day.

3. During the absence of the Chief Engineer on tour from headquarters, or while he is otherwise engaged, the Deputy Chief Engineer will receive visitors and attend to them.

S. CADAMBI,
Chief Engineer of Mysore.

WATER-SUPPLY DIVISION.

NOTICE.

Tenders for the supply of good "Portland Cement" required for the use of Government in the Public Works Department of Mysore, for the calendar year 1919, will be received by the undersigned up to 12 noon of 16th December 1918, as per specification noted below, which can be obtained from undersigned on application.

2. Each tender should be accompanied with Rs. 500 cash or Government currency notes only as earnest money and should be sent in a sealed cover superscribed "tenders for the supply of cement to the Mysore Public Works Department, for the calendar year 1918."

The final acceptance of the tender will rest with the Superintending Engineer, Southern Circle, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

Within eight days of the accepted tender, the successful competitor will be required to execute the usual contract bond; in default of which, his tender will be cancelled and his earnest money, forfeited.

The name of the successful competitor, whose tender has been accepted will be posted on the notice board in the undersigned's office in due course. No enquiries regarding the acceptance or rejection of a tender, will receive any reply.

On acceptance of one of the tenders, the earnest money on rejected tender will be returned.

Specification.

1. The cement to be supplied shall be "English" or Indian manufactured cement.

2. The cement shall satisfy the tests as per British standard specification. Results of tests made on the cement by recognised authorities in England or India, shall be sent along with the tenders.

3. The supplier shall guarantee to maintain a stock of not less than 100 barrels in Bangalore at all times.

4. The supplier shall comply with all indents from the Executive Engineer, Water-Supply Division, Bangalore, within three days of the order.

5. The supplier shall supply the cement in properly coopered casks and of gross weight of 400 lbs.

6. The supplier shall duly notify to the undersigned, each and every consignment of cement received by him in his godown.

7. The supplier shall allow the undersigned or his authorised representative, to inspect the stock in his godown at all reasonable times and shall permit the Inspecting Officer to collect cement for test, from any barrel of cement stocked. Such cement shall be tested by the undersigned in his office.

8. If the cement so tested, fails to satisfy the conditions of British standard specification, the whole of the consignment will be rejected and the supplier shall remove same from that particular godown and shall guarantee to replace the same with fresh good stock within a week's time.

9. The rate offered by the supplier shall include cost of delivery of same, in good condition at the Stores of the Water-Supply Division, Bangalore, and shall be binding on the supplier for a period of twelve months from 1st January 1919 to 31st December 1919.

10. The quantity of cement purchased from the supplier is not guaranteed.

Notice dated 6th November 1918.

Tenders from building contractors are invited by the undersigned for altering and extending the Public Works Dispensary at Bethamangala up to 11 A.M., 21st November 1918.

The estimated quantities of the items of work are given in the memo annexed below and the approved plan itself can be seen in the undersigned's office on all week days during office hours and the work has to be completed in one month's time.

Each tender must give the rates at which the different items of work will be carried out; it should be submitted in sealed covers superscribed "Tenders for extending the Public Works Dispensary at Bethamangala" and also accompanied by a deposit of Rs. 50 only in cash or Government currency notes as earnest money failing which it will not be received.

The final acceptance of the tender rests with the Executive Engineer, Water-Supply Division, Bangalore, who does not bind himself to accept the lowest or any tender.

On acceptance of one of the tenders the earnest money on the others will be returned on application.

Within eight days of intimation of acceptance the successful contractor should execute the usual mutchalika failing which the same will be cancelled and his earnest money forfeited to Government.

HEADQUARTER RANGE, MYSORE.

Notice dated 30th October 1918.

Notice is hereby given that sealed tenders will be received at the office of the Assistant Engineer, Headquarter Range, Mysore, up to the 23rd November 1918, for constructing the South Fort Gate with wings at Mysore. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of June 1919.

2. Tenders should be submitted on printed forms which may be obtained from the Assistant Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

3. Tenders containing indefinite remarks against the rates for items such as "as per estimate" "as per market rate" "as per data" and "departmental supply, etc," will not be considered. Specific rates for all items except lump sum ones must be entered in the tenders.

4. The tenders must be accompanied by a deposit of rupees five hundred in cash or Government Promissory Notes, as earnest money, and be superscribed "Tender for constructing the South Fort Gate with wings at Mysore", in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Chief Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond, in default of which, his tender will be considered cancelled, and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the notice board in the Assistant Engineer's Office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.
